

3SquaresVT

Helps Stretch Your Food Budget!

**The minimum monthly benefit for 3SquaresVT is \$15.
What is \$15 worth at the grocery store? It may be more than
you think!**

\$15 could buy:

- 1 quart of milk
- loaf of whole grain bread
- 1 can of light tuna
- 1 lb. of carrots
- 1 bunch of celery
- 1 banana
- 1 lb. frozen green beans
- 1/2 lb. chicken breast

How can I increase my benefit?

If someone in your household is age 60 or older or has a disability, your benefit may go up if you list all your out-of-pocket medical costs, such as insurance premiums and transportation costs to the pharmacy and medical appointments.

If you pay for child or adult day care so that you can work, look for work, or attend school, you can claim the cost of care and transportation to care.

Also, make sure to report any change in your income.
