

# Attention Working Families

Do you use child care so you can work, look for a job, or go to school?

These expenses may help you get more money to buy food for your children!

**When you apply for 3SquaresVT, you can deduct all of your out-of-pocket child care costs. This may give your family more food money each month!**

Out-of-pocket costs include:

- payments you make for child care services
- co-pays you make for subsidized child care
- before and after-school care costs
- summer camp fees
- transportation costs to and from care

**Many hardworking families qualify for 3SquaresVT. Find out if you're one of them!**
